hulomjosuan@gmail.com

Tabogon, Cebu, Philippines

SUMMARY

With a background starting from a solid internship to a contractual basis, personal projects, and a Bachelor's degree in Information Technology, I am a detail-oriented and results-driven software developer pursuing software development as my core focus and craft, working collaboratively to deliver reliable software that fulfills client needs.

EDUCATION

Cebu Roosevelt Memorial Colleges | 2022-2026

Bachelor of Science in Information Technology

Relevant Coursework: Full-Stack Development, Data Structures & Algorithms, Database Management Systems (DBMS), Statistics, Machine Learning

EXPERIENCE

Pacific Equities Group | May 2026 – July 2026

Full-Stack Developer (Consultant)

Contributed to full-stack infrastructure and REST APIs for QrWise Clinic's POS and marketing platform using TypeScript, Next.js, and Supabase.

Pacific Equities Group | Jan 2026 – Apr 2026

Back-End Developer (Intern)

Contributed to the server-side architecture, database schemas, and REST APIs for Everyshelf's inventory platform using TypeScript, Next.js, and Supabase during a 540-hour practicum.

Cebu Roosevelt Memorial Colleges | Aug 2025 – Dec 2025

Lead Full-Stack Developer (Capstone Project)

Successfully defended a capstone project, BogoBallers, single-handedly developing a league management system with Python, SQL, React, and Flutter.
